

# Executor's Sale of Valuable Land!

In compliance with the provisions of the will of D. J. Hooser, deceased, I offer for sale in parcels, and as a whole, the farm on which he lived, situated on the Clarksville pike, not more than one mile from the South boundary line of the City of Hopkinsville, and according to recent survey, contains under fence 290 1/4 acres. The land lies well, and has a frontage of about 166 poles on the Clarksville pike, and is bounded on one side by the East fork of Little River. Prospective purchasers are invited to call at my office in Planters Bank & Trust Company building, Hopkinsville, and examine a map of the land and learn the terms of the sale. Possession given by September 1st, and if sold before that date the purchaser shall have benefit of the contracts with share croppers.

### State College of Kentucky.

The Agricultural and Mechanical (State College) College of Kentucky, offers the following courses of study, viz: Agriculture, Horticulture, Chemical, Biological, Mathematical, Physical, Normal School, Classical, Mechanical, Engineering, Electrical Engineering, Civil Engineering, each of which extends over four years and leads to a degree. Post graduate studies are also provided, leading each to a Master's degree. Each course of study is organized under a separate faculty. The general faculty numbers nearly fifty professors and instructors.

COUNTY APPOINTEES receive tuition, room rent in dormitories, fuel and lights, and if they remain ten months, traveling expenses.

The laboratories and museums are large, well-equipped, comprehensive and modern.

The legislature appropriated \$60,000 for a college home for young women and \$30,000 for drill hall and gymnasium for men. The latter is completed and in use, the former will be ready for occupancy in October.

Military tactics and science are fully provided for as required by Congress.

Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the college to supply. Last year the matriculation list was 604.

Summer schools are provided for pedagogy, engineering and instruction in science.

Specialists with necessary number of assistants have charge of each department of natural science.

The State College of Kentucky, though bearing hitherto the title of College, is the only institution in the commonwealth doing, in any proper sense, university work.

The completion of the college home for young women will provide facilities for good board and lodging. It is equipped with all modern conveniences, including bath rooms and room for physical culture. It will be heated by steam and lighted by electricity.

An opportunity is afforded to them of a thorough education in Classics, Modern Languages, Literature, Science, Mathematics, Logic, Metaphysics, History and Political Economy. No other institution in the State offers the advantages for the education of women at all comparable to those offered by the State College of Kentucky.

For catalogue, methods of obtaining appointments, information regarding courses of study, and terms of admission apply to JAMES K. PATTERSON, Ph.D., LL.D., Or to D. C. FRAZER, B.S., Manager, Lexington, Ky.

Fall term begins Sept. 7, 1903.

### A Touching Story.

Count Cassini, Russian ambassador to the United States, relates the following story:

"A Russian manufacturer had in his employ a mechanic who for some time had been pleading as an excuse for absence, that his child was ill. When the man did appear for work his face bore unmistakable signs of dissipation, according to the employer's point of view. The workman said it was due to loss of sleep.

"One morning when there was an important piece of work to be done (for the mechanic was a fine artisan), a fellow workman came in and reported to the manufacturer that the irregular mechanic could not come. The child was very sick.

"Angered, the master demanded the place of residence of his lying workman, and he himself would go and rout him out of his drunken stupor.

"The fellow workman, however, gave such a detailed and intricate plan of the district in which the house could be found that the manufacturer did not go to investigate.

"Next morning the workman again reported that the mechanic could not come.

"I will find him," said the irate employer, "where does he live?"

"Very simple matter," said the workman.

"Simple," roared the manufacturer, "yesterday you made believe that it was almost impossible to find him."

"True," said the man, falteringly, "now you just look for the house with crabs on the door." —Toledo Bee.

### A Great Sporting News Journal.

The illustrated section of The Sunday Chicago Record-Herald thoroughly deserves the attention of every one interested in sporting news. It is always beautifully illustrated and embraces four full pages, covering with the thoroughness that satisfies to the utmost the whole realm of sports. Baseball news, racing news, bowling news, cycling news, pugilistic news, golf news, yachting news—all the sporting news is given with the greatest degree of fullness and interest. The sporting page of the daily issues is also exceptionally popular—a self-evident fact to those who have noted the general vogue of The Chicago Record-Herald among sporting men.

### Strange Disease Kills Cattle.

A strange disease has broken out among the cattle in the section of Rockport, Ky., near Matansas. The cattle when first stricken stagger and fall down and their legs stiffen out. They remain in this condition until they die.

### Father of 25 Children.

Paoli, Ind., July 30.—Israel Grider, a farmer and well known citizen of near here, died yesterday of old age. He was 81 years old, and the father of 25 children, no two of which was the same age. He was born in Cumberland county, Ky., in 1822, but came here early in life.

### Negro Refugees at Sturgis.

Sturgis, Ky., July 30.—Some dozen or more negro families have arrived here from Indiana, fleeing from mob violence and race wars. The negroes find homes with the colored citizens of Bostown.

Eczema, scald head, hives, itchiness of the skin of any sort instantly relieved and permanently cured. Doan's Ointment. At any drug store.

### SHOCKING CRIME.

Little Girl Assaulted Twice in Robertson County.

Springfield, Tenn., July 30.—Beulah Summerville, the 13-year-old daughter of Richard Summerville, who lives near Cross Plains, this county, was assaulted by a man named Carl Gregory Thursday morning about 3 o'clock. After accomplishing his purpose Gregory fled to parts unknown.

The child had gone to Gregory's to stay all night with his sick wife, when about 3 o'clock Gregory assaulted her. The child then started for home in the dark alone, and had scarcely gotten a hundred yards from the house when Gregory overtook her and accomplished his purpose the second time. He then fled in the direction of Gallatin.

Sheriff Payne was telephoned for at this place, and was on the spot as quick as a horse could carry him and in company with a large posse of citizens is in pursuit of him, and it is thought that the fiend will be captured soon. Gregory is a "hill-billy," having recently come from White county. Mr. Summerville is a respectable and well-to-do farmer.

### Dysentery Cured Without the Aid of a Doctor.

"I am just up from a hard spell of the flux" (dysentery) says Mr. T. A. Pinner, a well known merchant of Drummond, Tenn. "I used one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and was cured without having a doctor. I consider it the best cholera medicine in the world." There is no need of employing a doctor when this remedy is used, for no doctor can prescribe a better medicine for bowel complaint in any form either for children or adults. It never fails and is pleasant to take. For sale by C. K. Wyly, druggist.

### The Review of Reviews.

The Review of Reviews is unequalled among monthly periodicals in the freshness and range of the topics which it "covers" every thirty days. In the August number, for instance, we have a most interesting character sketch of the late Pope from the pen of that stalwart English Protestant, Mr. W. T. Stead, while the art of the eccentric James McNeill Whistler, who died suddenly on July 17, is represented by reproductions of several of his most characteristic works, with a biographical sketch by Mr. Ernest Knauff; Mr. Wolf von Schierbrand writes on the results of the recent German elections, with especial reference to the gains of the Socialists, and Mr. Othon Guerlac contributes a character sketch of the French Socialist leader, M. Jaures; the great harvest in Kansas, which ended late in July, is described in an illustrated article by Mr. Philip Eastman; "The Present Status of the American Labor Movement,"—a subject much before the public in the last few weeks—is carefully analyzed by Mr. John R. Commons, while the untoward conditions that confront the English worker are described by Mr. Frank Fayant; the post-office scandal, the lynching craze, and the "peonage" exposures in the South are reviewed by the editor in "The Progress of the World;" the new "general staff" of the army, which will begin its work on August 15, is discussed in the department of "Leading Articles of the Month;" and in the same number the very latest electric power plant installations from the Hudson River to Southern California and Mount Rainier are described in a series of illustrated articles which bring out the possibilities of American water-power development in a most interesting and striking way.

My boy when four years old was taken with colic and cramps in his stomach. I sent for the doctor and he injected morphine, but the child kept getting worse. I then gave him half a teaspoonful of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and in half an hour he was sleeping and soon recovered. —F. L. WILKINS, Shell Lake, Wis. Mr. Wilkins is book-keeper for the Shell Lake Lumber Co. For sale by C. K. Wyly, druggist.
